EXPERIENCE

Amazon Advertising (ADSP)

New York, NY

Software Development Engineer Intern (May 2025 - Aug. 2025)

- Owned product development of an analytics session replay platform processing 100K+ daily events, improving visibility into advertiser workflows
- Synthesized user research (12+ interviews) into actionable improvements, contributing to 3 UX optimizations that reduced drop-off
- Spearheaded prioritization of visual behavioral analytics in 2026 Ads Platform roadmap, through implementation of LLM-powered query interface and drove adoption across 3 product teams

Everlinity Productions

New York, NY

Creative Strategist & Photographer (Sept. 2024 - Present)

- Led visual concept, styling, and production planning; managed a 15+ person team through 14-hour shoots, coordinating design and delivery
- Produced 300+ reusable photo, video, and BTS assets for multi-channel campaigns distributed across Instagram and YouTube
- Coordinated post-production and distribution strategy, launching a Youtube Short that reached 10K+ views with 70% international audience concentration
- Analyzed social analytics using SQL and Excel, tracking 5,000+ engagement data points to optimize Instagram content strategy

NYU Entrepreneurial Institute

New York, NY

Community Coordinator & Front Desk (Aug. 2025 - May 2026)

- Capture 500+ corporate and event photography for programs, panels, and community events; organize and deliver assets aligned with individual brand standards for digital marketing and social media use
- Support operations for 10+ venture programs and serve as ambassador for NYU's startup hub, triaging resources for 100+ student founders

NYU Petal - Tech Policy & Ethics Club

New York, NY

Technical Programming Director (Dec. 2025 - Aug. 2026)

- Redesigned website, improving visual hierarchy and content organization
- Built structured Airtable workflows, improving team execution by 20%
- Created research tracks and technical projects for 80+ active members
